EDITORIALS

Captain Fabian, we the enrollees of Company 1421 welcome you to the Myakka Valley. We are glad to have you with us and hope that you feel the same toward us. We are willing to co-operate with you in any matter that will benefit the camp and company. We hope that you will enjoy your stay with us as much as the preceeding Commanding Officers did theirs.

To the new recruits; To most of you this will be an experience which you have never met before. The others who have had previous services with the CCC's will know what to do and how to do it, but you will be some what at sea for the first few days. In this camp we believe that we have the best group of boys of any of the camps. We have always been well rated in the district inspections and we hope that you will help us continue to keep our place.

If you can take it you will find yourself welcomed into any group if you can't take it, it will be just too bad. You will be quite miserable for a while and decide that the officers and enrollees of this Company are a pretty poor bunch. But remember your life in camp will be just what you make it. You can have a lot of fun here or you can be exceedingly miserable.

HAZING

Orders have been issued from Fort Screven, forbidding the hazing of new enrollees. This simply means that there will be no belt line or Kangaroo Court held for the entertainment of the new enrollees. Failure to comply with this regulation will result in the punishment of the offender, or offenders. However, a little harmless verbal riding will do no one harm, so go to it, gang.

NEW ENROLLEES

Wednesday saw the first group of re-placements enter camp since the relief bill was signed. Twenty nine men, most of them from Tampa arrived in camp about six thirty in the evening. Several of the men have already seen service with the CCC in various companies. Eugene Prevatt a former member of this company arrived with the group. He was honorably discharged just before Christmas, as he had work at the time.

BARRACK FOUR

It looks as if Barrack Four is really the prize barrack. Another week has gone by and the emblem still hangs in front of number four. All enrollees and leaders in the Barrack are to be congratulated on the showing they have made in being the prize barrack every week but the first. Now that the new boys are here, we wonder what kind of a showing number three will make.

The largest fire this company has been called upon to face, blazed last Thursday. The entire Company was called out for it.

EVERETT ELLSWORTH LYLE

Everett Ellsworth Lyle, who joined this Company July 21, 1934 with the contingent from the East Coast, died from a stab wound Sunday in West Palm Beach. His assailant, a negro, has not been apprehended as yet.

Lyle was with this Company but a short time, being transferred to Old Town. With that Company he was rated as a mechanic, being the first member of his group to receive a rating.

CAPTAIN E. M. FABIAN

Captain Fabian took charge of the camp April 16, 1935. He is a veteran of the Civilian Corps, having been in the Corps since May 5, 1933. This is his fourth tour of duty with the CCC. He helped organize the first two Companies at Fort Screven, G.

and took the second one to White Springs, Florida, where he stayed for one year. He was then transferred to Company 1437 in Ridgeland, South Carolina, and he took that camp over to Mississippi. He is married and has two children, and resides in Tampa, Florida. He is a very capable officer, and states that he will go fifty-fifty with the fellows,

BOYS WILL BE BOYS

Our camp is very fortunate in having a distinguished lad from the city of Miami as one of our number. Since this is strictly confidential I trust that you will not tell tales.

There is a little lady who lives on the Isle of Somewhere perhaps it is best that I should describe the little lady from the shores of the Isle of Somewhere so that you will recognize her if you should meet her. After eating five pounds of beef steak six loaves of bread and lots of potatoes she will weigh one hundred and ninety pounds, more or less. She has a good understanding even though it is some six feet from her head. It is hard to tell just what color her hair is, for she has quite an assortment of wigs. She may answer to the name of "Skinnic".

Now when the lad from the city of Miami met the girl from the Isle of Somewhere, the rest of the boys were just out of luck. The picture show and the ice cream parlor did a rushing business, that is, until the money ran out, and then the real trouble began. You cannot of course expect the self respecting one from Miami to court a lady

SPORTS

REYNOLDS CHINT

Douglas Reynolds, camp artist proved himself the cream of the racket crop, last Sunday afternoon. He won the first tennis tournament sponsored by "The Myakka Rattler". In his first match he defeated Carl Shugars 6-2. In his final match he overwhelmed Bob Kelly 6-1. In the other semi final match Kelly beat Robbins 6-1.

All of the game scores are very one sided but the set scores were a lot closer, most of them going to deuce before being decided.

A high wind blowing and the absence of several players who were unable to participate caused all matches to be decided in one set.

If enough interest is aroused and enough entrants are secured, it is planned to make these tourneys either a weekly or a bi-weekly affair.

Harold Betts tried his luck at being a Horse back rider last Sunday night. He wasn't on a horse though.

SP-4VS MYAKKA CITY

The Company baseball team is rapidly shaping itself into form. Last Saturday they traveled to Myakka City and took them to the tune of 14-4. Quesada and Quintanatook turns on the mound for the Rattlers. They held the citizens to nine hits. One of them was a home run by their pitcher.

The enrollees hit often and many extra base hits helped to run the score up for them. Myakka used several pitchers but were unable to stop the Rattlers hits.

GAME TUESDAY

Arrangements have been tentively arranged for a game with the Sarasota High School Tuesday afternoon.

This will be the first big the team has had this year. The men will get a chance to see the last few innings after work.

LIEUTENANT VEAL

Another big night to-night. The bi-weekly dance of the Company will be in honor of Licut Veal who is leaving us this week-end.

Sarasota, Bradenton, Arcadia and other points are expected to furnish their usual quota of pretty girls. We all hope that the young lady from Sarasota who performed at our last dance will give us another interperative dance to-night.

Harvey Conway and Oscar Underwood, returned to camp last night after an extended visit at Sarasota.

Several of the boys attended a prom party sponsored by Miss. Hazel Hohn, at Arcadia.

P.K. Sullivan returned back to camp after a short visit with his parents at Jacksonville.

A. Fernandez has been visiting Tarzan quite often lately.

THIS AND THAT

NO! NO PICTURES SO WHAT?

Earl Rinker "The Lord of the infirmary" has been very busy this week, putting up curtains and sharpening his needles in anticipation of the new boys.

German must be loosing his attraction for Tarzan, as Chicken has been helping Tarzan with the wash lately.

We hear that Graff, Silcox and Clayton are in line for ratings. It all depends however on Mr. Oldhams recommendation.

We wonder who it is that addresses letters to "Jew Baby" as "My Dear Little Stan",

All the ducks in Sarasota went into hiding Sunday night, as three of the best shots in the County, were out after them.

Golus Smith talks a very good fight. Ask Blount.

The kitchen has another great athlete in the person of Eddie Gonzalez, if he could play tennis

as well as he can talk it, he'd be number one ranking player in the County. However we think that the only thing athletic about him is his athlete's foot.

We trust that the new recruits enjoyed a good night's rest last Wednesday. We always thought that corn flakes were made to be eaten.

We wonder who is going to make those delicious pies on Nilo's shift now that "Wide Open" Kelly is gone over to the office?

Well we still have our detectives on the trail of "The Great Stamp Mystery". Every clue has been tracked down, but no light shines as yet.

Too bad fellows no hazing is allowed now. The lucky Rookies.

Bob Kelly has moved his sleeping quarters. He is now between his brothers, German, and Cherry Lips.

Tony has joined the cooking school, and Nilo says he's a great duck snatcher.

BOYS WILL BE BOYS (CONT'D)

from the Isle of Somewhere when she has no money for amusements and neither can you expect a lady from the Isle of Somewhere to welcome a lad from Miami when he will not bring her a stick of chewing gum.

Hand in hand they go down the path of destiny into the depths of despair, two hearts as one, now shattered (as they thought) beyond repair, until cupid (in the form of a girl from over there and a dark eyed man from goodness knows where) steps in.

Now the girl from the shores of somewhere and the lad from Miami are once again enjoying life. Good luck to you, Quintana and to you Skinnie the girl from somewhere.

OUR REPLY (continued from page 4,)

Well I quite agree with you-it is lousey, exceedingly lousey. You can not describe it? neither can I - so what?. Your first paragraph is answered.

And you think that those pictures are vulgar? what makes you think so?. Webster's Little Gem Dictionary defines vulgar as low, mean, common. Now as to commonness in what other camp paper do you find so many beautiful women?-

name three- You can't do it. We now proceed to low; these pictures are all at the top of the page - we can't go no higher than that can we? I haven't any answer to mean so we will skip it. Well to ease your state of mind I'll let you know that we are not to show any more unclad women until the mosquitos become less.

I am tired of writing now, so I will agree with you on your two final paragraphs.

Yours Truly
Until the kitchen sinks.

A MISTAKE

Sunday night Nilo, and Sanders decided to eat a Hamburger and drink a soda. Believe it or not.

When they were served and the devouring act was well under way Nilo became interested in what was going on across the street. The catsup and drink was very close together. Not noticing what he was doing Nilo picked up the catsup bottle and drank about half of it before noticing his mistake.

Now Mr. Nilo goes around with a red face. He says it would have been O.K. if the waiter had not been looking his way.
